GIBUNCO GROUP

Vol.38

## HAPPY BIRTHDAY!

We are thrilled to celebrate five years of Titans H.C.

Founded on 19<sup>th</sup> September 2019, with just two female teams, we've grown into a family of 10 teams, welcoming men, women, boys, girls and now also extending our activities to Hockey ID.

A huge thanks to all who have supported us along the way, our incredible sponsors and especially our main partners Gibunco Group, Basewell Ltd and AMA Group, for their unwavering support throughout the years.

Here's to another five years of belonging, growth, and amazing memories!

## BUSY SEPTEMBER

September comes with a very packed agenda of events and activities.

With the summer behind us and plenty of rest, we start off with pre-season training activities to get us back in shape.

## Club AGM

We also had our Annual General Meeting where our Management Committee members completed their first term (4 years), and a new committee had to be elected.

A highly appreciated and satisfied crowd voted to re-elect the same committee members for a further four years. A big WELCOME to Jason Segovia as Club Secretary who took over from wife, Nadiuska Segovia.

## Supporting our local charities

As a local club who supports our community through hockey, we value the efforts of other charity groups.

## Para Sports Gibraltar Tournament 'Change Starts with Sports'.

This unique event allowed able-bodied participants to experience some of the challenges disabled athletes face by competing in wheelchair basketball and trying out sitting volleyball and blindfolded goalball.

It was an eye-opening day, and we were proud to have taken part in these efforts to promote awareness and inclusivity!

A special shoutout to Benji Borastero for breaking barriers as Gibraltar's 1<sup>st</sup> Para-Athlete!

## Cardiac Association

The Gibraltar Cardiac Association put on an incredible, fun filled day at Casemates Square. Amongst their wide variety of activities, they organised a 'TUG OF WAR' for uniformed bodies and corporate entities.

Some of our ladies took on the challenge against mixed gender teams and full male teams. Although this was tough, exhausting and painful, they pulled like Titans and accepted defeats graciously!

A big thank you to this amazing local Charity! We shall return next year stronger and with a few men lol.

## Breast Cancer Awareness

In honour of Think Pink Day, some of our members proudly wore pink to show their support for breast cancer awareness. Early detection and awareness save lives, and we are united in spreading this important message!

Let's continue to raise awareness, support those affected, and work towards a future where no one fights alone. **Together we can make a difference!**
