Vol.26

New Committee Members

Titans HC is delighted to welcome our two newly appointed Management Committee members elected at this year's Annual General Meeting.

Both Nadiuska Segovia (Club Secretary) and Kerri Massetti (Fundraising & Sponsorship Officer) will have an interesting year ahead undertaking their respective key roles on behalf of our club.

We wish them all the very best in their respective appointments and thank them for accepting such roles and supporting our club and its members!

Our third and final partner

BASEWELL LIMITED extend their support towards our Goalkeepers which concludes the partnership

opportunities available in our club along with Gibunco Group and AMA Services.

A huge THANK YOU to Basewell Limited for their continued support and for making it possible for us to properly kit up our brave goalkeepers.

New to our sponsors family

We welcome Portman Limited as Gold sponsor.

Soho Designs joins us as Bronze sponsors.

It is an absolute delight having both local businesses collaborating with us for the next 12 months.

New Grassroots Kits

THEY HAVE ARRIVED.....and our youngest members look ever so smart!

Our introduction to hockey grassroots group might be too young for competition, but for us, they are old enough to have a sense of belonging and feel like TITANS!

EuroHockey Appointment

CONGRATULATIONS to Diana Soussi Avellano on her appointment as Judge to the EuroHockey Indoor Women's Championship to be held in Berlin, Germany from 8th to 11 February 2024.

EuroHockey

This is the top level tournament in the EuroHockey Indoor competitions where the 1st and 2nd placed teams will secure a spot in the 2025 Indoor Hockey World Cup.

This is an amazing achievement as a result of Diana's hard work and great performance in past EuroHockey competitions.

Titans headline local TV programme

Steven Soussi Jnr. represented our club as spokesman for our senior men's team at 'The Sports Locker' interview after the team decided to move up to 1st Division for the 2023/24 League.

This move will be a tough one to undertake as our boys will have to face two very strong teams week in week out. However, we strongly believe that personal growth and development only takes place when working outside of our comfort zone.

The interview could not end in a better way than with Steven saying 'TITANS ARE HERE.....BOOM!'
