Vol.37

Welcome to our sponsorship family.

We are delighted to welcome KINGS PHARMACY as sponsors on our new competition playing kits. We will proudly wear their logo on our left sleeve for the next three years.

"A caring service you can trust"

We would like to thank them for supporting us and joining us in our journey of growth.

EuroHockey 5s

EuroHockey competitions sees Diana for the third time this year as judge. This time at the Hockey 5s Joint Championships (senior Men and Women) in Walcz, Poland from 3rd to 6th July 2024.

A four day joint competition participated by 10 male national teams and 9 female national teams with a total of 52 matches (29 men & 23 women) and very busy days ahead.

CONGRATULATIONS once again to Diana on her international appointments and on her growth as Technical Official.

EFSA houses Titans

For some time now, we have been looking for a club house to use as a social base for our members. We are excited to announce that we have agreed with EFSA Gibraltar that their premises will be made available to Titans members to enhance and compliment the activities at the EFSA premises located at 43B Queensway Road.

The EFSA club premises has for many years been iconically renowned amongst the Gibraltarian community as one of the oldest clubs and we feel privileged to be housed by them.

Telecommunication

Guessing it's time we acquired a club telephone number.

We shall reflect this new number on all our social media portals and communication stationery.

Titans with SumUp

To facilitate quick payment to our members, we will now be using SumUp as means of card payment.

New Pitch

With a 24 years old pitch where for the past 7 years we have had to revert to its repairs by using patches from the small training pitch, the HM Government of Gibraltar committed in its last manifesto to replace our hockey pitches.

HM Government of Gibraltar

These are exciting times ahead as the efforts of all our local clubs in recruiting players and attracting individuals to our sport is now also being supported by our government.

In the past, Hockey was one of Gibraltar's top performing sports and it is our mission to restore this status by offering opportunities of development to our players, and what better way than by restoring our facilities to match our dedication.

A tender process has now been released and hoping to start its resurfacing on 1st September and is estimated to be completed in approximately 9 weeks. This will see us starting the season later than usual but its delay will be worth it.

It has been said that the pitch is to be dark green (playing area) with light green run offs (surrounding turf).

(the above image is only an illustration of the new pitch).

We Can't Wait.
